#### **Sales - Improved Summary:**

Number of Sales: 465

Range of Sale Dates: 1/97 – 12/98

#### **Sales - Improved Valuation Change Summary:**

	Land	Imps	Total	Sale Price	Ratio	COV
1998 Value	\$80,800	\$117,500	\$198,300	\$231,600	85.6%	17.06%
1999 Value	\$91,800	\$134,100	\$225,900	\$231,600	97.5%	16.50%

\*COV is a measure of uniformity, the lower the number the better the uniformity. The negative figures of -0.56% and -3.28% actually represent an improvement.

Sales used in Analysis: All sales of single family residences on residential lots which were verified as or appeared to be market sales were included in the analysis, except those listed as not used in this report. Multi-parcel sales, and mobile home sales were not included. Also excluded are sales of new construction where less than a fully complete house was assessed for 1998.

#### **Population - Improved Parcel Summary Data:**

	Land	Imps	Total
1998 Value	\$89,400	\$124,000	\$213,400
1999 Value	\$101,900	\$141,400	\$243,300
Percent Change	+13.98%	+14.03%	+14.01%

Number of improved parcels in the Population: 4,870

The sales sample adequately represents the population for this area. Pages two through four provide graphical representation of sales sample and population data. The population summary includes all improved parcels.

**Summary of Findings:** To improve uniformity in the area the analysis identified several characteristic variables to be included in the value update model. Variables included are the following; **Neighborhood 10, Plat 1, Plat 2, Plat 3, Plat4, Grade 9 and 1.5 Stories** (see page nine for variable definitions). **1.5 Stories** and the location variables, **Neighborhood 10, Plat 1, Plat 2, Plat 3, Plat4**, indicate individual adjustments due to their lower average ratios (assessed value/sales price). The model adjusts these parcels upward more than others. **Grade 9** 's had a higher average ratio than other homes, so the model adjusts these properties less than others. Since the values recommended in this report improve uniformity, assessment level and equity, we recommend posting them for the 1999 Assessment Roll.
